Section A: Company and designated representative details

The details provided in this Section Will be used for mailing labels
and for all other communications between you, EMECnet and EMEC secretariat.
(Please exercise great care in completion and write clearly using BLOCK CAPITAL LETTERS)

First name(s)	<input type="text"/>	<input type="checkbox"/> Dr <input type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Miss <input type="checkbox"/> Ms Other _____
Family name	<input type="text"/>	Title, Position <input type="text"/>
Company/organisation	<input type="text"/>	
Address	<input type="text"/>	
Zip/Post code	<input type="text"/>	City <input type="text"/>
Country	<input type="text"/>	
Email	<input type="text"/>	web address <input type="text"/>
Telephone	<input type="text"/>	fax <input type="text"/>

Section B: Company Profile

What is the primary group of ship systems your company belongs to?
(Please select the category which will assist EMEC to recognise and access
the products and services which you offer.)

Group A: Power And Propulsion Systems

- | | | |
|---|---|---|
| <input type="checkbox"/> Complete Systems | <input type="checkbox"/> Diesel Engines | <input type="checkbox"/> Gas Reciprocating |
| <input type="checkbox"/> Gas Turbines | <input type="checkbox"/> Steam Turbines and main Boilers | <input type="checkbox"/> Fuel cells |
| <input type="checkbox"/> Mechanical Drive Reduction Gears | <input type="checkbox"/> Electric propulsion | <input type="checkbox"/> Nuclear propulsion |
| <input type="checkbox"/> Pods | <input type="checkbox"/> Waterjets | <input type="checkbox"/> Electrical power generating equipment |
| <input type="checkbox"/> Propellers – Thrusters Shaft lines | <input type="checkbox"/> Other propulsion related equipment (separators, pumps, compressors...) | <input type="checkbox"/> Others mechanical auxiliaries (boilers...) |

Group B: Steering And Stability

- | | | |
|---|------------------------------------|--|
| <input type="checkbox"/> Complete Systems | <input type="checkbox"/> Steering | <input type="checkbox"/> Stabilisation |
| <input type="checkbox"/> Mooring | <input type="checkbox"/> Anchoring | |

Group C: Control Navigation And Communication Systems

- | | | |
|---|--|--|
| <input type="checkbox"/> Complete Systems | <input type="checkbox"/> Radars | <input type="checkbox"/> Sonars |
| <input type="checkbox"/> Logs – Compasses | <input type="checkbox"/> Dynamic Positioning | <input type="checkbox"/> Other Navigation Equipment |
| <input type="checkbox"/> Internal Telecommunication | <input type="checkbox"/> Outside Telecommunications Satellites | <input type="checkbox"/> Other sensors – Electronics – Optronics |

Group D: Electricity Automation And Safety Systems

- | | | |
|--|---|--|
| <input type="checkbox"/> Complete Electric Systems | <input type="checkbox"/> Electric Distribution – Cables and Lighting, Switchboards and Components | <input type="checkbox"/> Sound and Light |
| <input type="checkbox"/> Electric motors batteries, Accumulators | <input type="checkbox"/> Automation | <input type="checkbox"/> Data Management |
| <input type="checkbox"/> Complete Safety / Security Systems | <input type="checkbox"/> Evacuation and Rescue | <input type="checkbox"/> Fire detection |
| <input type="checkbox"/> Fire fighting | <input type="checkbox"/> Flood control | <input type="checkbox"/> Water fighting |

Group E: Cargo Handling – Shipshore Interface – Special Ships Equipment

- | | | |
|---|--|--|
| <input type="checkbox"/> Complete systems | <input type="checkbox"/> Cranes – Cargo Handling Systems | <input type="checkbox"/> Ramps – Doors – Car decks |
| <input type="checkbox"/> Port infrastructures | <input type="checkbox"/> LNG equipment | <input type="checkbox"/> Dredging Equipment |
| <input type="checkbox"/> Offshore and Submarine Equipment | <input type="checkbox"/> Haliotic Equipment | <input type="checkbox"/> Navy Ships Equipment |

Group F: Environmental Systems – Ducting And Pipework

- | | | |
|--|--|--|
| <input type="checkbox"/> Complete systems | <input type="checkbox"/> Waste Management | <input type="checkbox"/> Ballast Treatment |
| <input type="checkbox"/> Noise and Vibration Control Systems | <input type="checkbox"/> Exhaust Emissions Systems | <input type="checkbox"/> HVAC |
| <input type="checkbox"/> Pipe Systems – Pumps | <input type="checkbox"/> Cold rooms | |

Group G: Materials, processes and accommodation

- | | | |
|---|---|--|
| <input type="checkbox"/> Steel | <input type="checkbox"/> Other materials (alu-titanium) | <input type="checkbox"/> Products linked to building process |
| <input type="checkbox"/> Engineering | <input type="checkbox"/> Maintenance Recycling | <input type="checkbox"/> Coatings |
| <input type="checkbox"/> Deck Coverings | <input type="checkbox"/> Insulation | <input type="checkbox"/> Openings- Doors- Windows- Glasses- Portholes- lifts |
| <input type="checkbox"/> Ceilings – buckheads – alleyways-signing | <input type="checkbox"/> Cabins – Toilets | <input type="checkbox"/> Furniture – Curtains |
| <input type="checkbox"/> Galleys – bars - Public spaces | | |

EMECnet Governance Rule

1. The EMEC Network (EMECnet) constitutes a special group within EMEC.

Members of EMECnet are aware that EMECnet is a development of EMEC's activities at the European level, and by involving the leading equipment companies directly, it will strengthen the links between the industry's leading companies through the sharing of market intelligence, provide a vehicle for greater cooperation with shipowners and shipyards and increase the lobbying power of EMEC, particularly in regard to the Commission.

2. Members of EMECnet agree to support these objectives specified in clause(1).
3. Members of EMECnet agree to actively engage to support EMEC and EMECnet in the achievements of these objectives.
4. In relation to any issue where there is a conflict between the view or policy of a member of EMECnet and that of EMEC itself, the member:

(1) shall not take part in any EMECnet discussion on the issue

(2) shall keep confidential any confidential information on the issue that comes into their possession as a result of their membership of EMECnet

(3) shall not take any part in any lobbying or promotion by EMECnet on the issue.

A conflict of interest could arise as a result of economic interest, political or national affinity or any other relevant connection or shared interest, particularly with individuals, groups or companies whose interests are not coincident with those represented by EMECnet and EMEC.

5. Any material conflict of interest must be notified in writing by a member or candidate member to the Board of EMEC.
6. The Chairman and Board of EMEC maintain the right to verify that such measures are adequate and may require additional measures to be taken if necessary, including suspension or exclusion from EMECnet's activities.
7. EMECnet or any individual member, whilst acting publicly on behalf of or in support of EMEC, may not advance any policy in conflict with EMEC policy nor challenge any EMEC policy.
